

## 19284 to 19287—Continued.

19285. *PISTACIA MEXICANA*.

(Rose's No. 11234.) "A small Mexican tree with pinnate leaves and dioecious flowers with no petals and five stamens; the small, somewhat compressed nut is edible. This species grows in the valley of the Rio Grande and Lower Pecos. It is of no economic value in its present state, but may prove to be very useful as a drought-resistant stock upon which to graft the finer varieties of pistache." (*Charles J. Brand.*)

19286. *SPHAERALCEA UMBELLATA*.

"(No. 11244.) Has a rather large pinkish flower and forms a bush 10 to 12 feet high. It is often planted as an ornamental shrub in gardens at an altitude of from 4,000 to 5,000 feet in south Mexico." (*Rose.*)

19287. *PRUNUS CAPOLLIN*.

Wild cherry.

"(No. 11525.) Purchased in a Mexican market, where the dried fruits are sold. This *Prunus* often forms a very large tree." (*Rose.*)

19292. *CITRUS DECUMANA*.

Pomelo.

From Manila, P. I. Presented by Mr. W. S. Lyon, of the Bureau of Agriculture, October 23, 1906.

"Native name *Lukban*; a pomelo of good quality and large size." (*Lyon.*)

19293. *XANTHOSOMA SAGITTIFOLIUM*.

Yautia.

From McKinley, Isle of Pines, Cuba. Presented by Mr. George F. Young, through Mr. O. W. Barrett. Received October 27, 1907.

*White Malanga.*

19294. *MANGIFERA INDICA*.

Mango.

From Oneco, Fla. Received through Mr. E. N. Reasoner, October 29, 1906.

*Enuria.*

19297. *PERSEA GRATISSIMA*.

Avocado.

From Coconut Grove, Fla. Propagated at the Subtropical Laboratory and Garden, Miami, Fla., and numbered for convenience in recording distribution, November 3, 1906.

*Wester.* "(Lab. No. 551.) The seed was planted thirty-five years ago (1871) by John Thomas Peacock, but he can not recollect from where it came—probably, however, from Key West. The tree is now (November, 1906) 25 feet tall, with a spread of 28 or 30 feet and a diameter of 15 inches 1 foot above the ground, and is vigorous and thrifty. According to Mr. Peacock, the tree has been a heavy bearer every year since it began to bear." (*Wester.*)

19300 to 19366. *MUSA* spp.

From Mayaguez, P. R. Received from Mr. H. C. Henricksen, of the Agricultural Experiment Station, through Mr. O. W. Barrett, October 17, 1906.

19300 to 19313. *MUSA SAPIENTUM*.

Banana.

19300. *Canarias* (from No. 10965).

19301. *Canarias.*

19302. *Ingles.*

19303. *Chamaluco.*

19304. *Ccnizo.*

19305. *Prieto.*

19306. *Chinese* (from No. 10965).
