

## 20289 to 20424—Continued.

- 20314. PICEA sp. Spruce.**  
From the primeval forests of Bo-tau-shan, northern Korea. "(No. 540a, Aug. 24, 1906.) A tall, large spruce." (*Meyer.*)
- 20315. PINUS KORAIENSIS. Pine.**  
From Khabarovsk and Corvuskaya. "(Nos. 542a and 682a.) No. 542a was purchased at a Chinese fruit stand in the market at Khabarovsk, while No. 682a was obtained from collectors at Corvuskaya, where there are large forests of these pines." (*Meyer.*)
- 20316. PINUS KORAIENSIS. Pine.**  
From Khabarovsk. "(No. 543a, Nov. 7, 1906.) Obtained from the forester of the Imperial Domains." (*Meyer.*)
- 20317. PINUS CEMBRA. Pine.**  
From Khabarovsk. "(No. 544a, Nov. 15, 1906.) Edible pine seeds, said to have come from the forests of eastern Siberia; purchased at a Chinese fruit stand in the market at Khabarovsk." (*Meyer.*)
- 20318. PICEA AJANENSIS. Spruce.**  
From Khabarovsk. "(No. 545a, Nov. 7, 1906.) Obtained from the forester of the Imperial Domains." (*Meyer.*)
- 20319. PICEA OBOVATA. Spruce.**  
From Khabarovsk. "(No. 546a, Nov. 7, 1906.) Obtained from the forester of the Imperial Domains." (*Meyer.*)
- 20320. ABIES SIBIRICA. Fir.**  
From Khabarovsk. "(No. 547a, Nov. 7, 1906.) Obtained from the forester of the Imperial Domains." (*Meyer.*)
- 20321. LARIX DAHURICA. Larch.**  
From Khabarovsk. "(No. 548a, Nov. 7, 1907.) Obtained from the forester of the Imperial Domains." (*Meyer.*)
- 20322. CLADRASTIS AMURENSIS.**  
From between Vladivostok and Iman. "(No. 549a, Oct., 1906.) A hardy, ornamental tree; seen often also as a shrub. Has beautiful hard wood, which is very durable and which can be used for many purposes, such as making furniture, bridge rafters, fence posts, etc. This tree is a slow grower." (*Meyer.*)
- 20323. CLADRASTIS AMURENSIS.**  
From Khabarovsk. "(No. 550a, Nov. 14, 1906.) The same as No. 549a (S. P. I. No. 20322), but may be hardier" (*Meyer.*)
- 20324. SYRINGA AMURENSIS. Amur lilac.**  
From Nikolsk. "(No. 552a, Oct. 18, 1906.) The beautiful Amur lilac, a vigorous-growing shrub, able to withstand great droughts and cold; having large, glossy, dark green leaves, and bearing large panicles of white flowers." (*Meyer.*)
- 20325. FRAXINUS MANDSHURICA. Ash.**  
From Khabarovsk. "(Nos. 553a and 554a, Nov. 12, 1906.) A tall-growing ash with rather large leaves; able to withstand much drought and cold. Obtained from the forester of the Imperial Domains." (*Meyer.*)
- 20326. PHELLODENDRON AMURENSE. Chinese cork tree.**  
From Sedansk. "(No. 555a, Oct. 6, 1906.) The Manchurian cork tree or, in Russian, *Barchat*. The wood is quite durable and takes on a beautiful polish; the berries contain a fragrant oil." (*Meyer.*)
