

144339 to 144641—Continued.

144342. *ADESMIA RETUSA* Griseb.

No. 39.2370. From the Department of Llanquihue; altitude 75 m.

144343. *AEXTOXICON PUNCTATUM* Ruiz & Pav. Euphorbiaceae.

No. 40.1097. From Cunco. A tree with dense foliage, and small colorless scales covering all of its parts. The stiff, narrowly oblong leaves are dark green on the upper surface and light green to whitish beneath. Its small white flowers are borne in short axillary racemes, and the fruits are small, black, olive-shaped drupes. Growing equally well in moist or dry soils, the tree reaches a height of about 40 feet, and because of the beauty of its wood is sometimes used in the making of small furniture.

For previous introduction see 124873.

144344 and 144345. *ALONA CARNOSA* Lindl. Nolanaceae.

From the Province of Atacama.

144344. No. 39.1939. Altitude 10 m.

144345. No. 39.1944. Altitude 5 m.

144346. *ALONA FILIFOLIA* (Hook. & Arn.) Johnston.

No. 39.1718. From the Department of La Serena; altitude about 100 m.

144347. *ALONA ROSTRATA* Lindl.

No. 39.1716. From the Department of Huasco; altitude about 200 m.

144348 and 144349. *ALONSOA INCISIFOLIA* Ruiz & Pav. Scrophulariaceae.

144348. No. 39.1655. From the Department of Quillota; altitude 1,800 m.

144349. No. 39.1768. From the Department of Illapel; altitude 2,660 m.

144350. *ALSTROEMERIA AURANTIACA* D. Don. Amaryllidaceae.

Yellow alstroemeria.

No. 40.1132. From Cunco. A plant 2 to 4 feet high with about 50 thin leaves 3 to 4 inches long, and bright-yellow flowers, spotted brown within, in a compound umbel.

For previous introduction see 78874.

144351 and 144352. *ALSTROEMERIA PELEGRINA* L.

An alstroemeria with thin lanceolate leaves 2 inches long and a flower stem a foot high bearing an umbel of either lilac or pure-white flowers.

144351. No. 40.1048. From Laguna Verde.

144352. No. 40.1092. From Lago Verde.

For previous introduction see 139510.

144353. *ALSTROEMERIA* sp.

No. 39.1620. From Valparaiso.

144354. *ALSTROEMERIA* sp.

No. 39.1872. From the Department of Los Andes; altitude 11,000 m.

144355. *ALSTROEMERIA* sp.

No. 40.1047. From Valparaiso.

144356. *ALSTROEMERIA* sp.

No. 39.1614. Collected along the road from San Antonio to Valparaiso; flowers brilliant scarlet.

144357. *ALSTROEMERIA* sp.

No. 39.1619. From Valparaiso; altitude 1,400 to 1,500 m.
