

242427. PENTAS sp. Rubiaceae.

From Ghana. Seeds presented by the University College, Achimota. Received September 26, 1957.

242428. TRITICUM (hybrid). Poaceae.

From Germany. Seeds presented by Bayerische Landersaatzuchtanstalt, Freising. Received October 1, 1957.

'M1'. Spring type; seed red. Susceptible to stem rust and resistant to mildew.

242429 to 242489.

From Scotland. Collected by F. G. Meyer, agricultural explorer, Plant Introduction Section, Crops Research Division, Beltsville, Md. Received September 27, 1957.

From Botanical Garden, Edinburgh. Cuttings unless otherwise noted.

242429. CORNUS HESSEI Koehn. Cornaceae.

Col. No. 5490. Dwarf deciduous shrub; leaves elliptic, reddish-purple above, glaucous beneath; flowers white. Probably of garden origin.

242430. GREVILLEA ROSMARINIFOLIA A. Cunn. Proteaceae.

Col. No. 5497. 'Wakehurst'. Much-branched evergreen shrub to 3 feet high; leaves linear; flowers coral red.

242431. ILEX CRENATA var. **NUMMULARIA** (Fr. & Sav.) Yatabe Aquifoliaceae.
Holly.

Col. No. 5492. Evergreen shrub to 3 feet high; leaves nearly oval; berries black.

242432. LOBELIA FULGENS Willd. Campanulaceae. **Mexican lobelia.**

Col. No. 5500. 'Queen Victoria'. Rhizomatous perennial to 4 feet high; leaves reddish; flowers scarlet.

242433. MAGNOLIA (hybrid). Magnoliaceae.

Col. No. 5499. (*M. campbellii* × *M. mollicomata*). Deciduous tree; flowers to 10 inches in diameter, pink.

242434. REEVESIA PUBESCENS Mast. Sterculiaceae.

Col. No. 5473. Evergreen shrub to 10 feet high; leaves elliptic.

242435. RHODODENDRON (hybrid). Ericaceae.

Col. No. 5452. (*R. albescens* × *R. ciliicalyx*). Extremely floriferous; flowers white to pinkish.

242436. RHODODENDRON ARAIOPHYLLUM Balf. f. & W. W. Smith.

Col. No. 5454. Evergreen shrub to 16 feet tall; flowers white, flushed rose or lavender, with a basal crimson blotch and crimson dots.

242437 and 242438. RHODODENDRON ARBOREUM J. E. Sm. **Tree rhododendron.**

242437. Col. No. 5461. Flowers red.

242438. Col. No. 5476. 'Wallich'. Shrub to 20 feet high; flowers blood red.

242439. RHODODENDRON ARGYROPHYLLUM var. *nankingense*. Franch.

Col. No. 5494. Evergreen shrub to 6 feet high; leaves elliptic, lustrous green above, silvery tomentose below; flowers red.

242440. RHODODENDRON BUREAVII Franch.

Col. No. 5496. Evergreen shrub to 6 feet high; leaves rusty tomentose while young; flowers red.

242441. RHODODENDRON (hybrid).

Col. No. 5485. (*R. assamicum* × *R. burmanicum*). Leaves to 3 inches long; flowers white, spotted red.
