

**378124—Continued**

Agriculture Research Station, Beaverlodge, Alberta. Received February 1, 1973.

'Castor'. A four-clone synthetic variety, two from a seed accession from the Department of Agriculture, Moscow, Soviet Union, one from a commercial seed lot from the Ramy Seed Company, Minneapolis, Minnesota, and one from a breeders seed lot from Dr. R. P. Knowles, Canada Agriculture Research Station, University Campus, Saskatoon, Saskatchewan. A high seed retaining variety with characteristics of forage productivity, maturity, quality and vigor similar to 'Frontier'. Particularly well suited to irrigated culture, peat soils and on heavy soils where moisture is adequate.

**378125 and 378126.**

From United States. Seed salvaged from Forage and Range Research Branch Seed Laboratory subsequent to reorganization of Crops Research Division, Beltsville, Maryland. Received February 8, 1973.

**378125.** TRIFOLIUM ARVENSE L. Leguminosae.

Beltsville Ecotype. South Farm.

**378126.** TRIFOLIUM OCCIDENTALE Coombe

Bulk increase of P.I. 294430 and P.I. 294433 as a mixture.

Both originally from Department of Botany, University of Cambridge, Cambridge, England.

**378127 to 378136.**

From Morocco. Seed presented by Ministry of Agriculture, Rabat. Received February 8, 1973.

**378127 to 378129.** TRIFOLIUM ALEXANDRINUM L. Leguminosae.

**Berseem clover.**

**378127.** 6004. South Africa.

**378128.** 6007. Greece.

**378129.** 6384. Italy.

**378130.** TRIFOLIUM INCARNATUM L.

**Crimson clover.**

6010. France.

**378131 to 378134.** TRIFOLIUM RESUPINATUM L.

**Persian clover.**

**378131.** 6026.

**378133.** 6209 Maroc D.

**378132.** 6205 Maroc B.

**378134.** 6976.

**378135.** TRIFOLIUM SPUMOSUM L.

6019.

**378136.** TRIFOLIUM SUBTERRANEUM L.

**Subterranean clover.**

6029. England.

**378137 to 378139.** VITIS VINIFERA L. Vitaceae.

**European grape.**

From Yugoslavia. Cuttings presented by Dr. Lazar Avramov, Univenzitet u Beogradu Poljoprivrendni, Fakultet Vocarsko Vinogradarska Oglredna Stanica Radmilovac-Vinca Beogard, Yugoslavia. Received March 16, 1973.

**378137.** 'Kratosija'.

**378138.** 'Vranac'.

**378139.** 'Kraljica Vinograda'.

**378140 to 378144.**

From Rumania. Seed presented by Botanic Garden, University of Bucharest, Bucharest. Received December 22, 1972.
