

478005-continued

Soil Conservation Service, USDA; Bismarck, North Dakota.
Received through National Plant Materials Center, SCS,
Beltsville, MD.
Received March 1983.

T 6158. Canada. Collected September 1954. Research
Station, Morden, Manitoba. Collected by J.D. McDermid.
Potential multiple use conservation plant: wildlife
habitat, shelterbelts, ornamental, critical area
stabilization, surface mine reclamation. Perennial Woody.
Cultivated. Seed.

478006. *Sorghastrum nutans* (L.) Nash (Poaceae) Indiangrass.

From United States. Donated by Bismarck Plant Materials Center,
Soil Conservation Service, USDA; Bismarck, North Dakota.
Received through National Plant Materials Center, SCS,
Beltsville, MD.
Received March 1983.

T 6216. United States. Composite of NP-343, SD-44, SD-56.
Collected September 1961. Marshall County, South Dakota.
Collected by J. D. McDermid. Selected for forage
production and surface mine reclamation. Perennial Herb.
Cultivated. Seed.

478007. *Stipa viridula* Trin. (Poaceae) Green needlegrass.

From United States. Donated by Bismarck Plant Materials Center,
Soil Conservation Service, USDA; Bismarck, North Dakota.
Received through National Plant Materials Center, SCS,
Beltsville, MD.
Received March 1983.

T 6224. United States. Collected August 1962. Fairburn,
Custer County, South Dakota. Collected by J. D. McDermid.
Purchased from Bober Seed Co. Potential use for surface
mine reclamation and forage. Forage yield high. Perennial
Herb. Cultivated. Seed.

478008. *Syringa reticulata* (Bl.) Hara (Oleaceae) Lilac.

From United States. Donated by Bismarck Plant Materials Center,
Soil Conservation Service, USDA; Bismarck, North Dakota.
Received through National Plant Materials Center, SCS,
Beltsville, MD.
Received March 1983.

T 6225. Canada. Collected May 1954. Research Station,
Morden, Manitoba. Collected by J. D. McDermid. Potential
