

PI 524966-continued

origin: United States. **cultivar:** ONEIDA. **pedigree:** Interpollination of more than 900 plants selected for disease resistance from Iroquois. **other id:** CV-159. **group:** CSR-ALFALFA. **remarks:** Plants vigorous. Foliage dark green. Fall dormancy similar to Iroquois and Vernal. Susceptible to anthracnose and Verticillium wilt. **disease resistance:** Bacterial and Fusarium wilts. High to Phytophthora root rot. Perennial. Cultivar. Seed.

PI 524967. *Medicago sativa* L. FABACEAE Alfalfa

Donated by: Murphy, R.P., Lowe, C.C., Viands, D.R., Dept. of Plant Breeding and Biometry, Cornell University, Ithaca, New York, United States. **remarks:** Contribution from the Cornell Agric. Experiment Station. Received September 16, 1988.

origin: United States. **cultivar:** MOHAWK. **pedigree:** Interpollination of more than 100 clones selected for disease resistance from Iroquois. **other id:** CV-160. **group:** CSR-ALFALFA. **remarks:** Plants vigorous. Foliage dark green. Fall dormancy similar to Iroquois and Vernal. Susceptible to Verticillium wilt and Phytophthora root rot. **disease resistance:** High to anthracnose and bacterial wilt. Moderate to Fusarium wilt. Perennial. Cultivar. Seed.

PI 524968. *Medicago sativa* L. FABACEAE Alfalfa

Donated by: Dobrenz, A.K., Dept. of Plant Sciences, University of Arizona, Tucson, Arizona, United States. Received September 16, 1988.

donor id: AZ-GERM SALT-II. **origin:** United States. **pedigree:** Selection derived from AZ-GERM SALT-I for germination salt tolerance. **other id:** GP-212. **group:** CSR-ALFALFA. **remarks:** Nondormant type. High germination salt tolerance. Perennial. Breeding Material. Seed.

PI 524969 to 524970. *Zea mays* L. POACEAE Corn

Donated by: Wicks, Z.W., Plant Science Department, South Dakota State University, Brookings, South Dakota, United States. Received September 16, 1988.
